Angels Watching Over Me

Birmingham Sunlights

(Well, it was) all night, all day
The Angels watching over me my Lord
All night, all day
The Angels watching over me

Lead: Well now I went to the valley one day to pray
Chorus: The Angels watching over me my Lord
Lead: My soul got happy and I stayed all day
Chorus: The Angels watching over me

(Said, it was) all night, all day
The Angels watching over me my Lord
All night, all day
The Angels watching over me

Lead: Well now one of these mornings and it won't be long
Chorus: The Angels watching over me my Lord
Lead: You're gonna look for me, and I'll be gone
Chorus: The Angels watching over me

(Well let me tell you, it was) all night, all day
The Angels watching over me my Lord
All night, all day
The Angels watching over me

Lead: Well now I went to the river one day to pray
Chorus: The Angels watching over me my Lord
Lead: My soul got happy and I stayed all day
Chorus: The Angels watching over me

(Well let me tell you, it was) all night, all day
The Angels watching over me my Lord
All night, all day
The Angels watching over me
